Course information

The Btec Level 2 in the safe and effective use of restraint equipment was designed by NFPS Ltd and accredited by Edexcel. This is a nationally recognised qualification.

This **8-hour course** has been specifically designed for anyone who may have to **effect an arrest during the course of their duties**.

The programme uses steel bow hinge restraints.

It is hoped that in the future this **piece of Personal Protective Equipment**, supported by the accredited training, will become **the norm within the UK private security industry**, dramatically **increasing levels of safety** for those that work within it.

Course content

Throughout this course we will examine:

- Understand the primary reason for handcuffing.

Understand the Health & Safety implications, including:

- Sections 2 and 3 of the Health and Safety at Work Act 1974
- Regulation 3(1) of the Management of Health and Safety at Work Regulations 1999
- Requirements of PUWER as well as the implications of the new Health and Safety Offences Act 2008
- Corporate Manslaughter and Corporate Homicide Act 2007.

Understand the law, including compliance with:

- Section 3 (1) of the Criminal Law Act 1967
- Common Law
- Section 117 PACE
- Articles 5, 3 and 2 of the Human Rights Act 1998.

Understand other areas of guidance if required such as:

- The Mental Health Act Code of Practice
- NICE guidelines.
- Understand the medical implications of handcuffing, including positional asphyxia.

Course assessments

At the end of the course you will be assessment on:

- how to apply handcuffs to a passive subject.
- how to apply handcuffs to an aggressive subject.
- how to remove handcuffs correctly.

To gain your Btec level 2 certification from Edexcel you will also need to complete a learning log.

Following **successful completion** of the programme, delegates will receive the **B-tec Level 2 in the Safe & Effective Use of Restraint Equipment**.
